

# On setting up an automated process to preserve IOOS regional data

Steve Rutz

Oceanographer @ National Oceanographic Data Center

Steven.Rutz@noaa.gov | 301-713-3272x110

presented @ IOOS DMAC Workshop – Sept. 10, 2013

AOOS

MARACOOS

SECOORA

National DACs

Unsynchronized schedules

Confusion on what data to archive

Confusion on what standards to follow

# Data Archiving Project Guidelines:

Coordinate scheduling with NODC

Identify the data and documents to archive

Use standards and file naming convention

Use authority table for your keywords

Create file transfer method with file validation
