Template for IOOS Advisory Committee Recommendations

Background/Observations/Findings

Several paragraphs on the background of the topic, how and why it is relevant to IOOS, and a description of the specific problem/challenges. Include relevant stakeholders, legislation, and/or Executive Orders.

Recommendations

Clearly state a brief, one sentence recommendation in bold. *Additional context or sub-recommendations can be included afterward. The recommendation should clearly state who it is directed towards (i.e. NOAA or IOOC). Recommendations can be in bulleted form.*
